

# Floating

Hear what I feel  
My heart speak into yours  
Feel what I say  
My words are in your heart  
See what I hear  
Our hearts beat as one

And I don't know what it is  
You're close although you're far away  
And I don't know what it is  
I feel you, I feel you

Know who I am  
'Though you don't know me yet  
Know my life  
Though I didn't tell you anything  
I don't know you  
Just my whole life through

And I don't know what it is  
You're far away, I feel you next to me  
And I don't know what it is  
I feel you, I feel you, I feel you

I know who you are, though I don't know you  
I know your story, though you don't tell me  
You read my mind like an open book  
You feel my emotion though I am lost  
We know us, we know us

Stay with me, stay with me  
Stay with my, my whole life through  
My voice, my sight, my eyes shut tight  
My dark, my light, unnecessary weight  
I want to float, let me float  
Can I float, may I float  
Don't let me go
