

# Won't you come back in my life

Days and nights I think about you and me  
Days and nights I think about how it could be  
All day long I think about you  
Every night I dream about you  
Tell me what can I do to keep you with me

Won't you come back in my life  
Won't you come back in my life  
Tell me what I've done wrong  
Tell me what I can do  
To make you come back to me

All those days we used to talk so long  
All those days we used to have so much fun  
But now this is all over  
But now you don't want to know me  
What can I do to get you back again

Won't you come back in my life  
Won't you come back in my life  
Tell me what I've done wrong  
Tell me what I can do  
To make you come back to me

All those days we used to laugh  
All those nights we used to talk  
All the things I said to you  
All the things you said to me  
Can you fill the emptiness in me?

Won't you come back in my life  
Won't you come back in my life  
Tell me what I've done wrong  
Tell me what I can do  
To make you come back to me
